

Instrument Hiring Services:

Sr. No.	Name of Instrument
1	Rotary tablet compression machine
2	R & D coater
3	Rotary flask evaporator
4	Lyophiliser
5	High performance liquid chromatography (HPLC)
6	U V visible spectrophotometer
7	Dissolution test apparatus
8	Brookefield viscometer
9	Stability chamber
10	Deep freezer
11	Scientific microwave oven
12	Microtome
13	Digital plethysmometer
14	Langendorff's apparatus

Availability of Animal Activity Facility:

- Neuroprotective activity against cerebral ischemia
- Neurobehavioural studies
- Study of cardiotonic effect of drugs on isolated heart preparation
- Bioassay of different drugs
- Antihistaminic activity
- Antidiabetic study
- Hepatoprotective activity
- Antihyperlipidemic activity
- *In vivo* antioxidant activity
- Antiarthritic activity
- Antiulcer activity
- Anticonvulsant activity
